One of my first records, and one I will only pass down to my girls, never sell. We Got A Love graces every Gospel House set I throw down and is a true blessing of a track. I like both mixes but tend to go with the Smooved Out Mix more often than not. Find it. Keep it. Play it.

I understand that here on discogs this record is not rated in the yellow / red color level because there are in my opinion 3 tracks that deserve max 3 stars but that doesn't mean there's no winner here. The opening track "We got a love" is a real threat. What a nice job done by Anthony Shake Shakir. Using the all time vocal sample of The First Choice Hit "Let no man Put Us Under" and an

obvious Organ M1 Type Chord he builds up a fantastic uplifting and positive track with a real detroit touch.The Bassline will go deep in your hips and the groovy chompy snareswill make you wanna move.This is a record for those who like the rough Todd Terry House Sound with also a typical soulfull Detroit touch.An old school winner in your crate.
